

EDS

EMPLOYEE DISCOUNT SERVICES

As an EDS member you have access to discounts at over 70 participating businesses in the Sioux Falls area. Please be sure to check our website (www.employee discountservices.com) to find out which businesses are participating and the discounts they are offering our group. To redeem any discount, simply show your membership card at the time of purchase or before any quote request at the participating business.

Your Membership Card is Electronic!

Rather than having to look for a physical membership card in your purse, wallet, pocket, desk drawer, or wherever it may be ...you have access to it right on your phone or mobile device.

Below you will find: 1) a QR code to get to our website, 2) the address to type in the address bar to locate your membership card, and 3) instructions to create a shortcut on your home screen once you get to your membership card. This allows an easy way for you to show your membership card when you are out shopping.

Note: If you do not have a mobile device that is compatible with accessing your membership card while visiting participating businesses, you will be able to print a copy to take with you. Simply visit the membership card page and select the print here button, trim the card, and it now will fit in your wallet.

Step 1

Scan here to visit the site
www.employee discountservices.com

Step 2

Access your Membership Card

Go to: www.employee discountservices.com/EDScard

Tip: you must have www. in front of the address for the page to display correctly because it's a hidden page.

Show this page at participating businesses to receive the discount at time of purchase or when requesting a quote

Please show this page to participating businesses to receive your exclusive EDS

Step 3

Instructions to Create a Shortcut on Your Phone

While you are on the membership card page: www.employee discountservices.com/EDScard

Follow these steps to save a short cut of your membership card to your home screen. This will save time when you are shopping to be able to quickly and easily show your card. You may also take a screenshot and save the membership card in your gallery.

Android

Step 1: Tap on the 3 dot menu icon in the upper right hand corner.

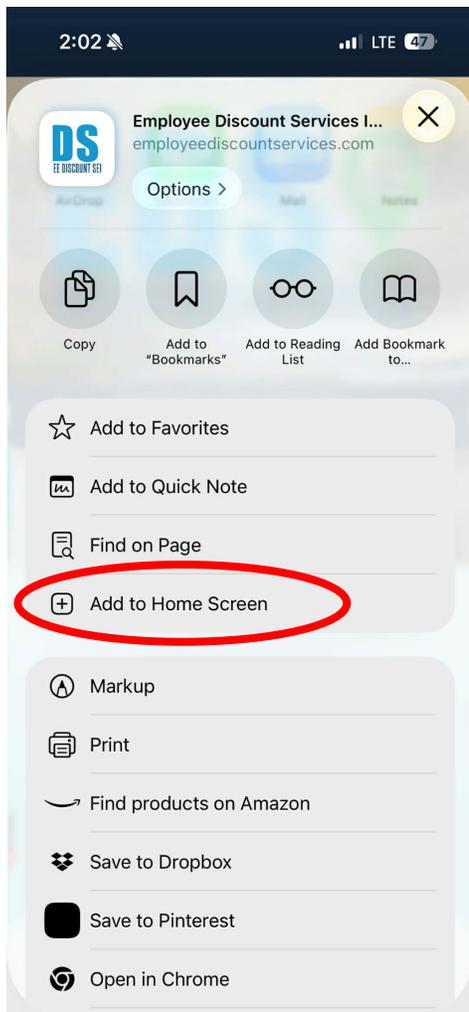

Step 2: Tap "Add to Home screen"

iPhone

Step 1: Tap the share button on the bottom menu bar (box with arrow pointing up)

Step 2: Tap the box with the + symbol labeled Add to Home Screen

You can also keep a screenshot of the card on your phone.

Thank you for shopping at EDS participating business! If you have any questions, please email info@employee discountservices.com
