

Help your workforce work through life's challenges, before they impact your business

We've all experienced some type of personal problem, concern or emotional crisis at one time or another. Unum's Work-life balance employee assistance program (EAP) gives employees access to counselors* and services for help with personal, family and work issues. Because when employees get the help they need, they can give their best at work.

EMPLOYEE ASSISTANCE PROGRAM

Unum's EAP is designed to help your employees lead happier and more productive lives at home and at work. When they have issues, they can work with Licensed Professional Counselors to define the problem and obtain appropriate assistance.

Through the EAP, employees can get help with personal, family and work issues such as:

- Stress, depression, anxiety
- Relationship issues, divorce
- Job stress, work conflicts
- Family and parenting problems
- Anger, grief and loss
- Addiction, eating disorders, mental illness

The Licensed Professional Counselor will either address concerns during a few initial sessions or refer the employee to other appropriate counselors or community resources for long-term help.

WHO IS COVERED?
