

Baby Boomers are turning 65 at a rate of more than 10,000+ per day. Many are not prepared to make the proper health insurance decisions they will face.

UNDERSTANDING MEDICARE

Individuals turning 65, and those over 65, can have many important questions that need to be answered, such as:

- Will I automatically be enrolled in Medicare when I turn 65?
- If I delay enrolling in Medicare, is there a time to enroll in the future without penalty?
- If I work past 65, is my group plan or Medicare a better option for my situation?
- Can I be on Medicare *and* continue to contribute to my HSA?

HUB International Great Plains represents many different Medicare-related insurance plans. Let us help compare the choices/coverages and then identify the best plan at the best value for your specific needs. There is no cost or obligation.
