

Term to Age 100 Life Insurance from Allstate Benefits*

A death not only leaves behind loved ones, but can also leave overwhelming financial obligations. And, if you're like most people, you don't have enough life insurance to keep your family afloat if an unexpected death occurs. Give yourself and your loved ones a gift of love with Good Hands® protection from Allstate Benefits.

Without a Term Life Insurance policy, your family may have to tap into their savings, retirement, or 401k to help cover final expenses and everyday living expenses, should a breadwinner die unexpectedly. This product offers a guaranteed premium to age 100.

Here's How It Works

You choose the coverage that's right for you and your family. With planning, the death benefit can pass to your beneficiaries free from state or federal estate taxes. Consult with your tax advisor for specific information. Then, when life comes to an end, your beneficiary can receive a tax-free death benefit that can be used to help pay for funeral expenses, mortgage payments and more.

Meeting Your Needs

- · You choose the death benefit amount to leave behind
- Premiums are affordable and remain level to age 100 unless you make changes to your coverage
- · Premiums are affordable and conveniently payroll deducted
- Guaranteed minimum death benefit is level for 5 years; current non-guaranteed death benefit is projected to remain level to age 100

With Allstate Benefits, you gain peace of mind knowing your loved ones will receive a financial safety net when you die – think of it as your final gift of love.

Meet Tiffany Tiffany is like any parent who has emotional and financial responsibilities She's worried about how her family will make ends meet if she dies unexpectedly. Most importantly, she worries about leaving them with a large debt. Here is what weighs heavily on her mind: • She has a mortgage and still owes a substantial amount before it is paid off Her children go to private school and will need income to help continue their education as they get older

 Her debt to income ratio is high and would be a hardship on her family Daily living expenses for items such as gas, food, insurance, electricity, and water are a necessary part of life

 Funeral expenses are high and the government provides very little

for assistance

Tiffany chooses a Term Life policy to help protect her family in the event of her untimely death.

Tiffany was out of town on business when she suffered a heart attack. She was rushed to the hospital, but all of the life-saving actions by the medical team could not save her.

Here's Tiffany's story:

- She was meeting with a client when sharp pains and shortness of breath caused her to collapse
- She was taken by ambulance to the nearest hospital emergency room
- While in the emergency room, her heart began beating at an altered rate, then stopped
- The emergency room doctors and nurses worked tirelessly to revive her, but they could not save her
- Her husband and family were notified of her passing

Tiffany's family used proceeds from the lump-sum cash benefit to cover her final expenses.

Tiffany designated her husband as her beneficiary. He received the following:

Term Life: Lump-sum cash benefit

The cash benefit was direct deposited into his bank account.
