

BCBSND.me

Your personalized health navigator

BCBSND.me offers a digital hub that brings health management programs and services together in a data driven, personalized, guided experience.

An all-in-one digital hub

Through BCBSND.me, members can view their medical claims, search for providers and specialists, and access an extensive library of wellness tools, programs and services. Members can also connect with high-touch care guides, expanding BCBSND's customer support team, to help navigate care options, schedule appointments and close gaps in care.

Available January 2025 via desktop and mobile app for Android and iOS.
