Diabetes Management powered by Onduo™

DAY-TO-DAY SUPPORT TO HELP
YOU LIVE YOUR BEST LIFE.

Manage type 2 diabetes on your own terms.

Diabetes Management powered by Onduo is a virtual care program that:

- Comes with your health plan and helps you manage your care from the comfort of anywhere.*
- Uses a smartphone and the Onduo app to provide access to the virtual health clinic and **a team of care leads** that can answer your questions and guide you through your health journey.
- Gives you a personalized plan with ongoing, coordinated support between visits to your primary care provider.
- Provides you with a **smart blood glucose meter** and unlimited test strips at no additional cost to you.

Type 2 diabetes is manageable — especially when you have the right tools and team in your corner.

Easily manage your health — and health coverage — with these three steps.

1. Scan the QR code below to download the **AllMyHealth** app or visit **allmyhealth.com**.
2. Click/Select the **Benefits** tab.
3. Find **Diabetes Management powered by Onduo** in the **Health and Wellness** section.

* There is no additional cost for most health plan members. If you have a qualified high deductible plan, you may have to pay out of pocket for some services with this solution until you meet your deductible. To determine if you have any costs for care, you can call the Member Service team at the number on the back of your member ID card.

Onduo is a separate company that provides a virtual diabetes care program for your health plan.

Blue Cross Blue Shield of North Dakota is an independent licensee of the Blue Cross Blue Shield Association.

The Claims Administrator/Insurer complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.
