Premium Assistance Under Medicaid and The Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2022. Contact your State for more information on eligibility –

Women's Health Cancer Rights Act (WHCRA) Notice

Do you know that your Plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema? Call your plan administrator at 512-594-0026 for more information.

Newborns' And Mothers' Health Protection Act (NMHPA) Notice

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

USERRA Continuation

Your right to continued participation in a group health plan during leaves of absence for active military duty is protected by the Uniformed Services Employment and Reemployment Rights Act (USERRA). Accordingly, if you are absent from work due to a period of active duty in the military for less than 31 days, your plan participation will not be interrupted. If the absence is for more than 31 days and not more than 12 weeks, you may continue to maintain your coverage under a group health plan by paying premiums in the manner specified by the Plan Sponsor.

If you do not elect to continue to participate in a group health plan during an absence for military duty that is more than 31 days, or if you revoke a prior election to continue to participate for up to 12 weeks after your military leave began, you and your covered family members will have the opportunity to elect COBRA continuation coverage under a group health plan for up to the 24-month period that begins on the first day of your leave of absence. You must pay the premiums for continuation coverage with after-tax funds, subject to the rules that are set out in the applicable Plan features.

USERRA continuation coverage is considered alternative coverage for purposes of COBRA. Therefore, if you elect USERRA continuation coverage, COBRA coverage will generally not be available.

Genetic Information Nondiscrimination Act (GINA)

Gina prohibits group health plans from discriminating on the basis of genetic information. Genetic information is:

1. Information about an individual's genetic tests;
2. Genetic tests of an individual's family members; and
3. The manifestation of a disease or disorder of an individual's family members.

The group health plan may collect genetic information after initial enrollment, it may not do so in connection with the annual renewal process. The group health plan may not adjust premiums or increase contributions based on genetic information, nor request or require genetic testing or use genetic information for underwriting purposes.

HIPAA Special Enrollment Rights Notice

If you are declining enrollment in Pflugerville ISD group health coverage for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

Finally, you and/or your dependents may have special enrollment rights if coverage is lost under Medicaid or a State health insurance ("CHIP") program, or when you and/or your dependents gain eligibility for state premium assistance. You have 60 days from the occurrence of one of these events to notify the company and enroll in the plan.

To request special enrollment or obtain more information, contact
Kristin Baum/ Benefits and Leave Coordinator, 512-594-0026, Kristin.baum@pfisd.net.

Medicare Part D Creditable Coverage Notice

Important Notice from Pflugerville ISD About Your Prescription Drug Coverage and Medicare Pflugerville ISD Health Plans

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Pflugerville ISD and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
 2. Pflugerville ISD has determined that the prescription drug coverage offered by the Pflugerville ISD Health Plans is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.
-

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan while enrolled in Pflugerville ISD coverage as an active employee, please note that your Pflugerville ISD coverage will be the primary payer for your prescription drug benefits and Medicare will pay secondary. As a result, the value of your Medicare prescription drug benefits will be significantly reduced. Medicare will usually pay primary for your prescription drug benefits if you participate in Pflugerville ISD coverage as a former employee.

You may also choose to drop your Pflugerville ISD coverage. If you do decide to join a Medicare drug plan and drop your current Pflugerville ISD coverage, be aware that you and your dependents may not be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Pflugerville ISD and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage...

Contact the person listed below for further information. **NOTE:** You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Pflugerville ISD changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

For example, we may disclose your protected health information to a Business Associate to administer claims or to provide support services, such as utilization management, pharmacy benefit management or subrogation, but only after the Business Associate enters into a Business Associate Agreement with us.

We will disclose your protected health information when required to do so by federal, state or local law. For example, we may disclose your protected health information when required by national security laws or public health disclosure laws.

However, those employees will only use or disclose that information as necessary to perform Plan administration functions or as otherwise required by HIPAA, unless you have authorized further disclosures. Your protected health information cannot be used for employment purposes without your specific authorization.

Special Situations

In addition to the above, the following categories describe other possible ways that we may use and disclose your protected health information. For each category of uses or disclosures, we will explain what we mean and present some examples. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted to use and disclose information will fall within one of the categories.

If you are a member of the armed forces, we may release your protected health information as required by military command authorities. We may also release protected health information about foreign military personnel to the appropriate foreign military authority.

Workers' Compensation

We may release your protected health information for workers' compensation or similar programs. These programs provide benefits for work-related injuries or illness.

We may disclose your protected health information for public health actions. These actions generally include the following:

- to prevent or control disease, injury, or disability;
- to report births and deaths;

We may disclose your protected health information to a health oversight agency for activities authorized by law. These oversight activities include, for example, audits, investigations, inspections, and licensure. You may elect to opt out of receiving fundraising communications from us at any time.

Your Rights

You have the following rights with respect to your protected health information:

Right to Inspect and Copy

You have the right to inspect and copy certain protected health information that may be used to make decisions about your health care benefits. To inspect and copy your protected health information, submit your request in writing to the Privacy Officer at the address provided above under Contact Information. If you request a copy of the information, we may charge a reasonable fee for the costs of copying, mailing, or other supplies associated with your request. We may deny your request

to inspect and copy in certain very limited circumstances. If you are denied access to your medical information, you may have a right to request that the denial be reviewed and you will be provided with details on how to do so.

Right to Amend

If you feel that the protected health information we have about you is incorrect or incomplete, you may ask us to amend the information. You have the right to request an amendment for as long as the information is kept by or for the Plan. To request an amendment, your request must be made in writing and submitted to the Privacy Officer at the address provided above under Contact Information. In addition, you must provide a reason that supports your request. We may deny your request for an amendment if it is not in writing or does not include a reason to support the request. In addition, we may deny your request if you ask us to amend information that:

- is not part of the medical information kept by or for the Plan;
- was not created by us, unless the person or entity that created the information is no longer available to make the amendment;
- is not part of the information that you would be permitted to inspect and copy; or
- is already accurate and complete.

If we deny your request, you have the right to file a statement of disagreement with us and any future disclosures of the disputed information will include your statement.

Right to an Accounting of Disclosures

You have the right to request an “accounting” of certain disclosures of your protected health information. The accounting will not include (1) disclosures for purposes of treatment, payment, or health care operations; (2) disclosures made to you; (3) disclosures made pursuant to your authorization; (4) disclosures made to friends or family in your presence or because of an emergency; (5) disclosures for national security purposes; and (6) disclosures incidental to otherwise permissible disclosures.

To request this list or accounting of disclosures, you must submit your request in writing to the Privacy Officer at the address provided above under Contact Information. Your request must state a time period of no longer than six years and may not include dates prior to your request. Your request should indicate in what form you want the list (for example, paper or electronic). We will attempt to provide the accounting in the format you requested or in another mutually agreeable format if the requested format is not reasonably feasible. The first list you request within a 12-month period will be provided free of charge. For additional lists, we may charge you for the costs of providing the list. We will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.

Right to Request Restrictions

You have the right to request a restriction or limitation on your protected health information that we use or disclose for treatment, payment, or health care operations. You also have the right to request a limit on your protected health information that we disclose to someone who is involved in your care or the payment for your care, such as a family member or friend. For example, you could ask that we not use or disclose information about a surgery that you had. We are not required to agree to your request. However, if we do agree to the request, we will honor the restriction until you revoke it or we notify you. To request restrictions, you must make your request in writing to the Privacy Officer at the address provided above under Contact Information. In your request, you must tell us (1) what information you want to limit; (2) whether you want to limit our use, disclosure, or both; and (3) to whom you want the limits to apply—for example, disclosures to your spouse.

Right to Request Confidential Communications

You have the right to request that we communicate with you about medical matters in a certain way or at a certain location. For example, you can ask that we only contact you at work or by mail. To request confidential communications, you must make your request in writing to the Privacy Officer at the address provided above under Contact Information. We will not ask you the reason for your request. Your request must specify how or where you wish to be contacted. We will accommodate all reasonable requests if you clearly provide information that the disclosure of all or part of your protected information could endanger you.

Right to a Paper Copy of This Notice

You have the right to a paper copy of this notice. You may ask us to give you a copy of this notice at any time. Even if you have agreed to receive this notice electronically, you are still entitled to a paper copy of this notice. To obtain a paper copy of this notice, telephone or write the Privacy Officer as provided above under Contact Information.

Family Medical Leave Act

The Family and Medical Leave Act (FMLA) provides certain employees with up to 12 weeks of unpaid, job-protected leave per year. It also requires that their group health benefits be maintained during the leave.

FMLA is designed to help employees balance their work and family responsibilities by allowing them to take reasonable unpaid leave for certain family and medical reasons. It also seeks to accommodate the legitimate interests of employers and promote equal employment opportunity for men and women.

Covered employers must provide an eligible employee with up to 12 weeks of unpaid leave each year for any of the following reasons:

- for the birth and care of the newborn child of an employee;
- for placement with the employee of a child for adoption or foster care;
- to care for an immediate family member (spouse, child, or parent) with a serious health condition; or
- to take medical leave when the employee is unable to work because of a serious health condition.

Employees are eligible for leave if they have worked for their employer at least 12 months, at least 1,250 hours over the past 12 months, and work at a location where the company employs 50 or more employees within 75 miles. Whether an employee has worked the minimum 1,250 hours of service is determined according to FLSA principles for determining compensable hours or work.

When an employee requests FMLA leave due to his or her own serious health condition or a covered family member's serious health condition, the employer may require certification in support of the leave from a health care provider. An employer may also require second or third medical opinions (at the employer's expense) and periodic recertification of a serious health condition.

Upon return from FMLA leave, an employee will be restored to his or her original job or to an equivalent job with equivalent pay, benefits, and other terms and conditions of employment. Group health insurance coverage for an employee on FMLA leave is maintained under the same terms and conditions as if the employee had not taken leave.

For additional information regarding your benefits under FMLA, please contact Human Resources at: Kristin Baum/ Benefits and Leave Coordinator, 512-594-0026, Kristin.baum@pfisd.net.
