## Anthem.

## How to search for a doctor or hospital in your health plan's network

# A step-by-step guide to finding care at anthem.com

Accessing the care you need, when and where you need it, matters. That's why we've made it easier for you to find doctors and hospitals in our network.

#### Follow these steps to find a care provider in your plan:

_	

Go to anthem.com and select Find Care.

- Choose the **Guests** box.
- Answer the questions regarding the type of care you need, the state you need care in, and the type of plan you want to search under. In this case, it would be: **Medical Plan or Network**.
- Select **Colorado** (even if this is not the state where you currently reside, the state should reflect **where your company is headquartered**). Your local doctors will appear when you enter your ZIP code in Step 6.
  - Select the plan or network, then choose **Continue**.
